

Split Session – \$135

For the senior who wants more than one season to reflect their last year of school. We have, by popular demand, designed a two part session that allows you the freedom to customize your senior memories.

Basically, we split our Elite session in half. You may choose to come in for the first portion of your session in the spring & the second in the fall. Or maybe you would like to be photographed with different hairstyles. Split it any way you like. You will place two separate print orders with this session.
